

**Do you have or know a child who was born in the UK, but you're unsure of their status? Or wondering where to go for help?**

**A new free, anonymous service to provide information on children's immigration status and citizenship has just launched. Path to Papers is developed and run by Swarm in collaboration with Coram, with support from other independent charities and professional lawyers.**

Hundreds of children who were born and are growing up in the UK don't have UK citizenship but could apply for it. If they have a legal right to citizenship, it can be really important for children to apply. Citizenship provides security and stability and means you are free to come into, live in and leave the UK. Citizenship brings equal rights and opens up opportunities, including for education and careers.

Path to Papers provides easy-to-understand information on children's citizenship rights and help signpost you on to further support including reliable lawyers.
